CAREER OBJECTIVE:

I pursued a Bachelor's degree in Computer Science seeking an opportunity to contribute my skills and knowledge while gaining practical experience in dynamic way. Excited to learn and adapt to new technologies and methodologies and to enhance my abilities as a professional software developer

PROFESSIONAL EXPERIENCE:

- **Web development Virtual Internship -**Sahu Technologies | August-September 2022 Developed web applications using HTML, CSS and JS for topic Travel agency

- **Data Analytics Virtual Internship -** Quantium Enterprise/corporation | April-June 2023
  Task was divided in 3 parts. Project was on point of sales means I had task given to load the dataset then clean it and then perform mathematical operations on it by performing analysis.

- **Python developer Virtual Internship** - Sahu Technologies | August-September 2022
  Learned python and apply a knowledge in developing projects like web scraping, qrcode generator

SKILLS:

INTERPERSONAL SKILLS:

- Adaptability
- Good Listener and positive attitude

PROFESSIONAL SKILLS:

1) Frontend Programming languages: HTML,CSS,JavaScript
2) Database Technologies: MYSQL
3) Backend Programming languages: Python, Java, nodejs
4) Microsoft Office Tools: (Excel, PowerPoint)
5) Data analysis tools: (Numpy ,Pandas, Matplotlib, PowerBi)

EDUCATION:

- Done SSC from Shree Mavli Mandal High School with percentage of 78.60%
- Done HSC from GIF's DDM English High School & Jr. College with percentage of 62%
- Done B.E in Computer Science from K.C. College of Engineering & Management Studies & Research, University of Mumbai in year 2024
- overall CGPI pursued from semester 1-8 is 8.33(on a scale of 10.0)
- Honours in Data Science, K.C. College of Engineering & Management Studies & Research | Duration: August 2022-July 2024

CERTIFICATIONS & ADDITIONAL COURSES:

- Jira Project Management Certificate by Great Learning
- Software Testing Certificate by Great Learning
- Java Certificate by Great Learning and also done internship in java from Coding Raja technologies
- Python Basics for Data Science Certificate by edX
- Data analysis(python,numpy,pandas) Certificate with Visualization with matplotlib Certificate from Platform Great Learning
- Excel Certificate by GreatLearning

PROJECTS:

- **Voice Assistant for desktop**| Python and its libraries
  Python-based Voice assistant using speech Recognition to perform various automate task including google map, weather updates, web search and libraries used was wordcloud,
- **WhatsApp Chat Analyzer** | Python, NumPy, Pandas, Matplotlib
  Done in process like extracting WhatsApp text then convert it into relevant data format using python module named pandas and then Data Preparation like cleaning, transformation, then data modelling means perform analysis on it.
- **Quiz System** | Java created quiz application in java with swing class functionalities like adding timeline, animation, events

ACHIEVEMENTS:

ACADEMICS:

- Secured 1st rank in E-Pariksha Cell project and for WhatsApp Chat Analyzer project was runner up in XZIBIT-2023 National Level Project Competition
- Participation in DETROIX Web Master a web development Competition
- Scored above 60% in all sections(reasoning ability, numerical ability ,Programming logic,verbal)   in TCS NQT(National Qualifier Test)

EXTRA-CURRICULAR:

- Love to explore and learn new computer tricks and shortcuts
- Participants in the PPT Competition

LANGUAGES:

- English - Professional working Proficiency
- Marathi - Native Proficiency
- Hindi - Professional Proficiency
